## Z6

Publication Details. Detailing of reinforcement is the interface between the actual design of the concrete structure and what is to be constructed. There is no point in having the most sophisticated analysis and design if it cannot be constructed in the field. Designers must be aware of practical limitations of construction.

### **Standards Practice Manual | Reinforcing Steel Institute of ...**

Reinforcing Steel Manual of Standard Practice. The acceptance shown by Architects, Engineers, General Contractors, Educational Institution, Fabricators and Placers from all across Ontario of previous editions has been gratifying.
