Chronic obstructive pulmonary disease

Chronic obstructive pulmonary disease (COPD) is a type of obstructive lung disease characterized by long-term breathing problems and poor airflow. The main symptoms include shortness of breath and cough with sputum production. COPD is a progressive disease, meaning it typically worsens over time. Eventually, everyday activities such as walking or getting dressed become difficult.

Integral Leadership Review

The stages From the Big Bang to Integral I found simple symbolic scenes to express each level so that when we look at them we can get an immediate 'feel' of each stage in their respective quadrants. For instance, amber upper left is someone bathed in the shining light of an almighty god; orange upper right is a marathon runner reaching for high performance; lower right green is a new city ...
